

Texas Anti-Drug Award
Application

The Texas Anti-Drug Award recognizes those programs, campuses or school districts that have creatively solved problems at the local level **related to drug and alcohol abuse**.

The Today Foundation bestows a \$1,000 grant to those chosen for the award. The grant goes to help a local group continue the innovative programs within their district.

To apply for the award, please answer the following questions and return your answers to:

Today Foundation
3131 McKinney Ave. Suite 720
Dallas, TX 75219

(Note: We do not accept faxed or e-mailed applications)

Application must be postmarked by: February 1

Grant recipients get notified by: May 31

To receive a list of the grant recipients, enclose a self-addressed, stamped envelope with your application.

Please attach any supporting documents, photos, etc that demonstrate the success of your innovative, problem-solving school program, along with your responses to the following questions. Please **DO NOT** send any videos or CDs.

Section One:

Title of program or activity _____

School and school district _____

Street address of school _____

Contact/sponsor _____ Phone _____

Fax _____ Grade levels involved in program (If applicable) _____

Last day of the school year _____

Section Two:

1. Describe the problem you chose to address, who was affected by it and what (if any) steps someone took to address the problems in the past.
2. Explain how the program or activity originated. Include who was involved in its development and implementation.
3. Please provide a brief description of the program.
4. Explain how your activity addresses the particular needs of the students at your school or district.
5. Please explain how much the program costs and how you fund it (including community donations). Please describe the efforts of volunteers (including any work by teachers after hours) if applicable.
6. Explain how the situation has improved because of this program.
7. Explain how the community is benefiting from your program or activity.
8. (Optional) Explain how this program could be duplicated elsewhere.
